Dear Hiring Team,

I am writing to express my interest in the Software Engineer - Full Stack position at Cross Country Healthcare. With my extensive experience in full-stack development, a commitment to delivering excellence, and a passion for innovation, I am eager to contribute to the continued success of Cross Country Healthcare.

As a graduate of App Academy, one of the most selective coding bootcamps in the world (< 3% acceptance rate), I have honed my skills in both back-end and front-end development. I have a proven track record of translating complex designs and wireframes into efficient, high-quality code, and I am well-versed in utilizing a wide range of technologies, including Node.js, Java, React.js, React Native, Next.js, and Angular. Additionally, I have a strong foundation in HTML, CSS, JavaScript, Typescript, and related web technologies, along with expertise in progressive web applications. Additionally, I am proficient in developing reusable components and front-end libraries using technologies like Stencil and Storybook.

As a former finance professional, I have sharpened communication skills. Collaboration is at the core of my work ethic, and I have a history of collaborating effectively with cross-functional teams to deliver user-facing products that exceed expectations. I am confident in my ability to contribute to the execution of business goals and thrive in an environment that encourages innovation and creative problem-solving.

Thank you for considering my application. I am confident that my skills and experience align perfectly with the requirements outlined in the job description, and I hope to hear from you soon.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Will Corona', enclosed within a large, loopy oval shape.
